BIOPRO Baden-Württemberg GmbH is an organisation that comes under the aegis of the Baden-Württemberg government. BIOPRO supports the healthcare industry (biotechnology, medical technology and pharmaceutical industry) and the establishment of a bioeconomy in Baden-Württemberg.

Our work centres on:

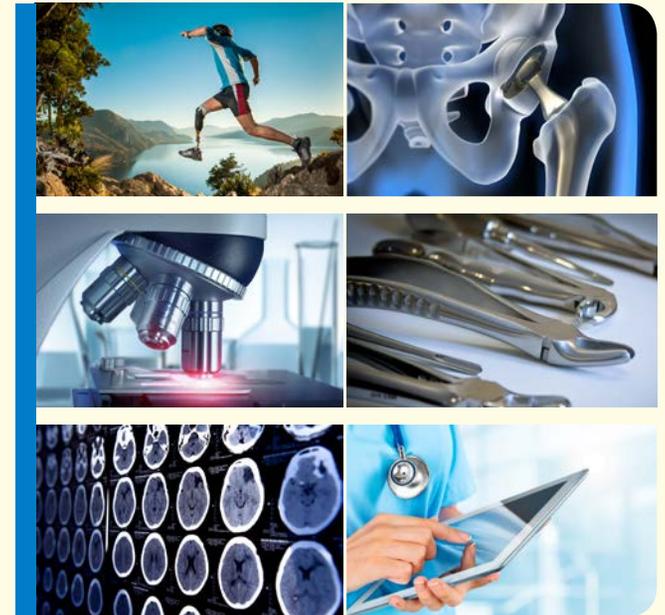

- helping companies develop their innovative capacity,
- accelerating the transfer of scientific findings into industry,
- supporting start-up projects,
- informing the public on industry performance,
- driving forward Baden-Württemberg as an attractive R&D location.

Medical Technology 2016

Facts and Figures for Baden-Württemberg

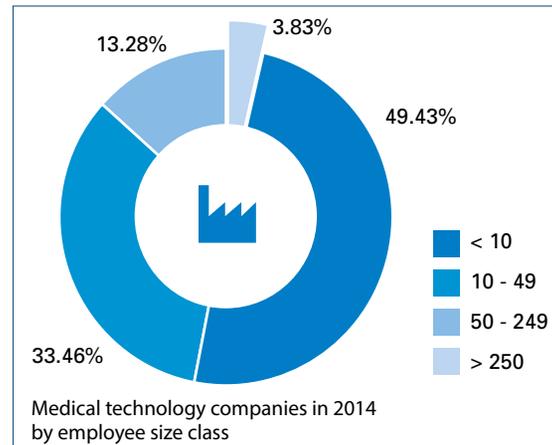

Medical technology sector*

- 818 medical technology companies
- 47,094 employees
- 12.1 billion euros taxable revenue

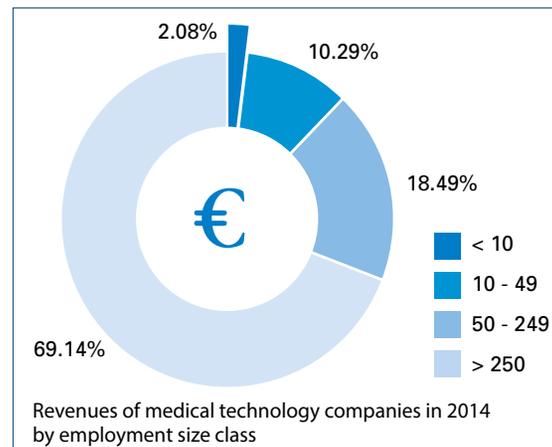

* The figures are from 2014 and were calculated by the Baden-Württemberg Statistics Office based on data held in the BIOPRO company database at the time of the survey. The figures only include companies that are involved in research, development and/or production in Baden-Württemberg. The Baden-Württemberg Statistics Office was able to calculate figures on taxable revenue and employees for 783 out of the 818 medical technology companies. Suppliers and pure distribution companies were not included in these figures.

Innovative and rich in tradition

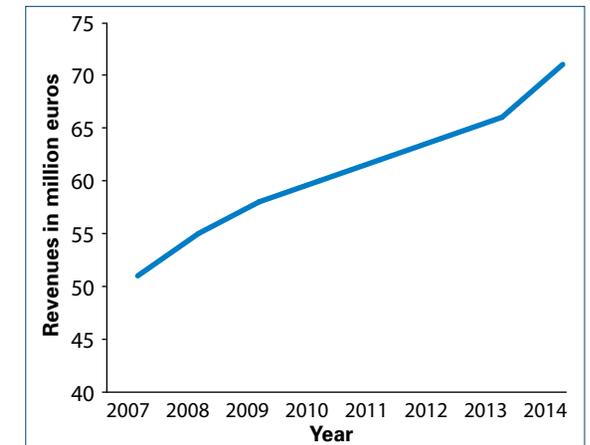

Medium-sized and large companies

are important pillars of the medical technology sector. Nine new medical technology companies were founded between January 2015 and July 2016.

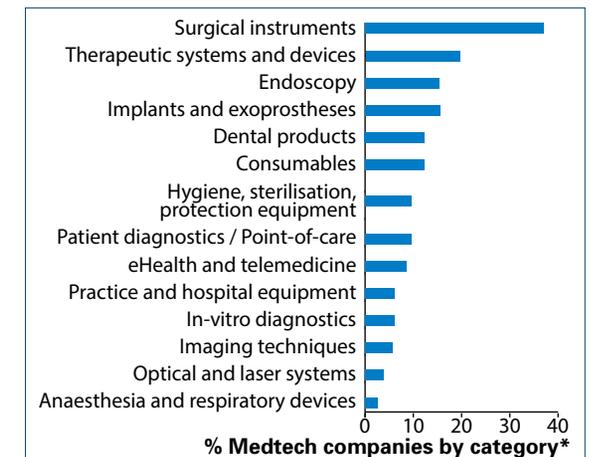

Baden-Württemberg is an **important medical technology production location**. In 2015, 63.4 percent of business was directed to the export market.

Growth and diversity

The medical technology index shows revenue growth in the Baden-Württemberg medical technology sector over recent years. **Taxable revenues rose by 28 percent** between 2007 and 2014.

Baden-Württemberg companies produce different categories of medical technology products, mostly **surgical instruments**.

* Companies may have several fields of activity
