# Meet & Match: Strategies for Drug Discovery: Simulation – Screening – Repurposing

Date:
27-Nov-2017

Venue:
Strasbourg, France

Registration deadline:
23-Nov-2017

Costs:
free

Address:
Hilton Strasbourg Hotel
1 Avenue Herrenschmidt
F-67000 Strasbourg

Type:
Meet & Match

Target group:
Biotech companies, contract research organisations and academic labs

Organiser:
BIOPRO Baden-Württemberg GmbH und Alsace BioValley

Contact:
Caroline Ref
E-mail: ref(at)bio-pro.de

Language:
English

Downloads:
Program-Meet-Match-2017 (PDF, ca. 1.82 MB)

Registration: Meet & Match | Strategies for Drug Discovery

The French cluster Alsace BioValley and BIOPRO Baden-Württemberg will hold their 14th Meet & Match event on 27th November in Strasbourg on the topic of strategies for drug discovery and drug development.

The event will cover a wide range of areas – from simulation, screening and target identification technologies to the repurposing of already known active ingredients / drugs.

The Meet & Match takes place the day before the partnering event BioFit.

Company representatives and project leaders from the health industry as well as academic researchers from both sides of the Rhine – France (Grand Est region) and Germany (Baden-Württemberg) – meet each other to generate new impulses or partnerships for joint developments. This event will be a great opportunity for biotech companies, contract research organisations and academic labs to present and envision future approaches, which would match the pharma industry.

To intensify the networking between the attendees they will have the possibility to present their company or research group in a two-minute-presentation prior to the networking coffee in the **short presentation session**. The number of partcipants in this session is limited and arranged for producing, researching and developing companies and research institutions. If you want to participate in the Short Presentation Session, apply therefore in your registration until **6th November, 2017.**

The participation in the event is free of charge. The presentations will be held in English.

**Preprogram**

| | |
|---|---|
| 11.30 am | Registration and lunch |
| 12.30 pm | Words of welcome |
| | PRESENTATIONS |
| 12.40 pm | **Dr. Sabine Jaehmlich, DESY ITT \| Deutschland** |
| | More light, better insights, effective drugs: How the pharmaceutical industry can benefit from large scale research facilities |
| 01.00 pm | **Dr. Peter Roevens, Janssen \| Belgien** |
| | Drug Discovery Strategies |
| 01.20 pm | **Dr. Vincent Mikol, Sanofi \| France** |
| | Drug Discovery Strategies |
| 01.45 pm | **Dr. Arnaud Sinan Karaboga, Harmonic Pharma \| France** |
| | Pharmacological Rediscovery® to identify novel clinical uses of existing safe drugs |
| 02.00 pm | **Dr. Horst Flotow, Hit Discovery Constance (HDC) GmbH \| Germany** |
| | HCS for drug discovery, the HDC advantage |
| 02.15 pm | Short Presentation Session |
| 02.45 pm | Networking coffee |
| | PRESENTATIONS |
| 04.00 pm | **Dr. Mona Boyé, Ksilink \| France** |
| | Patient based Phenotypic Screening for Drug Discovery |
| 04.15 pm | **Prof. Dr. Ute Schepers, vasQlab \| Germany** |
| | Body on chip systems for save drug testing |
| 04.30 pm | **Dr. Tania Sorg, Mouse Clinical Institute (MCI) \| France** |
| | Phenomin-ICS, an infrastructure for translational research and functional genomics |
| 04.45 pm | **Prof. Dr. Michael Boutros, German Cancer Research Center (DKFZ) and Heidelberg University \| Germany** |
| | High-content imaging and image analysis for drug discovery and repositioning |
| 05.00 pm | **Alain Xayaphoummine, Bionext \| France** |
| | Drug discovery and Repurposing: Tell me more about the targets |
| 05.15 pm | **Dr. Oliver Pötz, SIGNATOPE GmbH \| Germany** |
| | Monkey, Dog, Rat and Men – Drug safety biomarker across species |
| 05.30pm | Networking drink |
