Global Cluster Partnering - Healthcare

Meet BIOPRO as a partner at the GCP-Healthcare!

Online Partnering for the Life Sciences Industries

At GCP-Healthcare international biopharma, medtech, diagnostics and labtech companies will be inspired by cutting edge medical and technological innovation from startups, SMEs and universities/research organizations. GCP-Healthcare will enable participants explore opportunities for cooperation and help them to find new ways to address our global healthcare challenges.

Make business meetings cost and time-efficient

With online partnering, you can save money on travel, accommodations and on-site ticket fees and still be able to conduct important business meetings via a safe automatic scheduling and an SSL-secured video conferencing platform.

What you can expect from GCP-Healthcare:

- Up to three meetings per hour during the period of August 26-27, 2020
- 36 hours of available meeting time includes automatic scheduling and live video conferencing
- E-conferencing center for efficient follow-up
- Meetings are all virtual. No travel and no accommodation required

GCP-Healthcare value promise:

- Conduct your international business meetings online and save on travel costs and reduce CO2 emissions. You can work from your home office and always stay on top of managing your daily business between meetings.
- You can **invite up to 4 colleagues from remote sites for free** and only spend a fraction of the usual time on internal decision-making.
- We anticipate **500 participants across the Life Sciences community,** which includes CxOs, business developers, investors, technology scouts, innovators, entrepreneurs and more.
- Our GCP-Healthcare Partners (industry associations, bio cluster, press & media) will bring together relevant decision-makers from renowned research centers, innovative startups and industry-shaping SMEs as well as international biopharma/MedTech/diagnostics corporates, relevant service providers and financial investors with a healthcare focus.

Timeline:

- Partnering requests: July 10 - August 25
- Partnering meetings: August 26, 10 a.m. - August 27, 10 p.m. (UTC)
- e-Conference center open for follow-ups: August 27, 6 a.m. - September 27, 10 p.m. (UTC)
