Language:
English

**On the 5th of July 2016 the 12th joint Meet & Match event from Alsace BioValley and BIOPRO Baden-Württemberg will take place in Strasbourg. The subject of this event is „Smart Implants – New Devices and Innovative Technologies".**

The focus of the event is intelligent implants, innovative technologies and practice to their functionalization.
The aim of this Meet & Match is to intensify the dialogue between the Alsace and Baden-Württemberg, initiate contacts, cooperations or business ties between the participants.

In short talks companies and scientists from both regions present their current research projects and technologies in the topic of Smart Implants.

Along the presentations the event will offer sufficient opportunities for discussion and socialization in the lunch and coffee breaks and in the ensuing get-together.

To intensify the networking between the attendees they will have the possibility to present their company or research group in a two- to three-minute-presentation prior to the lunch in the short presentation session. The slot number for this session is limited.

The participation in the event is free of charge. The presentations will be held in English.

To register for the event and for the short presentation session please follow the link on the right side (*Further information*).
