BIOPRO Baden-Württemberg GmbH is an organisation that comes under the aegis of the Baden-Württemberg government. BIOPRO supports the healthcare industry (biotechnology, medical technology and pharmaceutical industry) and the establishment of a bioeconomy in Baden-Württemberg.

Our work centres on:

- helping companies develop their innovative capacity,
- accelerating the transfer of scientific findings into industry,
- supporting start-up projects,
- informing the public on industry performance,
- driving forward Baden-Württemberg as an attractive R&D location.

Revenues of the pharmaceutical companies in Baden-Württemberg in 2016 by employment size class

Research and development expenditures account for **11 percent** of taxable revenues in Germany as a whole and are higher than in any other industry (source: BPI).

Taxable revenues and employee figures in the healthcare industry in Baden-Württemberg were calculated by the Baden-Württemberg Statistics Office on the basis of data held in the BIOPRO company database, as long as the relevant data had been submitted to the Statistics Office at the time of the survey. The data used in the survey were taken from 2016. BIOPRO's company database currently lists 174 biotechnology companies and 86 companies in the pharmaceutical industry, all of which carry out research, develop and/or produce in Baden-Württemberg (as of 7/2018). Figures were extracted for 135 biotechnology companies and 83 pharmaceutical companies. Suppliers and pure distribution companies were not included in these figures.
